

SPECS SHEET

ALUMAX WORKER 41

Discover the versatility of our Worker 41, a top-class aluminum workboat designed for the most demanding maritime operations. With an impressive length of 12,50m and a width of 4,5m, this boat offers ample space and stability for various tasks.

Key Features:

- Specialized design: based on the proven Worker 33, but equipped with watercanons for emergencies.
- Firefighting Capacity: The Mercury 3.0 V6 firefighting pump delivers a remarkable 10,000 liters of water per minute at 10 bar pressure.
- Fully equipped: In addition to essential amenities such as a kitchen, toilet, and navigation equipment, the Worker 41 features numerous extras, including searchlights, a bow thruster and a large swim deck.

With a comprehensive range of features and a robust construction, the Alumax Worker 41 is the choice for those seeking quality and performance in a workboat.
